

A successful Tuning Day

It was under the seat last time I looked.

THERE was a great turn-out of members and partners, at the recent Tuning Day and Sausage Sizzle held at Bob & Chris'. As usual there was an abundance of advice and assistance to help out with problems - electrical and mechanical. Garry and his multi-meter were put to good use as was help given by Daniel, Ross, Ronnie, Phil, Chester, David, Andy and many more. Alex did a great job with the sausage sizzle and Neil and Robin brought the urn around for tea and coffee. What a great social and productive day. Special thanks to Chris for all her running around before and during the day.

Ronnie & Matt hard at work.

The Kawasaki Kids.

The spark on the BSA has returned.

The carbie balancer.

Alex doing a great job cooking the sausage sizzle.

The Honda stops squealing.
