David aged 19 at the Northleach Traction Engine Rally in 1961 on his 1959 Triumph Tiger Cub T20.

David attending to the 545cc 1936 Chater Lea sidecar outfit which he restored as an AA Road Service vehicle. The picture was taken at the 3rd Irish National Rally in 1969.

Pictured in Collie in the early 70's is David on his 1949 Vincent Rapide outfit, the sidecar is a 1952 Steib LS200.

Picking up a Vincent Comet in 1965 on a Indian 741B sidecar outfit. David restored the Indian after finding it in a ditch in Gloucester, UK.

DAVID MAIN has sent in some fabulous photos of himself as a teenager on his Tiger Cub though to a more recent photo of himself with the Tangye engine (left). There are more interesting photos including a 1964 UK Vintage Bike Club Rally which will be featured in the next issue. The Rapide outfit he only sold 18 months ago and the Velocette on the cover he still has and rides. It's great to receive old pics, so have a look in the old photo album and see what you can come up with, they will be looked after and returned.

(Left) Taken in Albany David is pictured with his 1909 9-11hp Tangye Hot Bulb engine. To start it up you warm it with a blow lamp, then it keeps going by itself, no magneto, no carbide and it runs on kero!

AGAIN this year Andrew, with help from Ian organised Club Members who were able to spare time during the week to take children (who aren't as lucky as most kids) on rides on bikes and in sidecars. The students and staff of the Albany Secondary Education Support Centre took the trouble to send us a Certificate of Appreciation, thanking us for giving them rides, something they would normally not have the opportunity to do and also saying what a great experience it was. It was great fun for us too and a pleasure to see the smiling faces - See you next year.
