

# THE MOTORCYCLE DISPLAY

WHAT a fantastic display of bikes. Members from our Club and the Vintage Bike Club combined with local individuals to put on a display of 96 motorcycles dating back to the beginning of the last century. Paul Armstrong did an outstanding job organising the event. Using the building in Prior Street next to his panel beating shop, Paul organised the Clubs, rang individuals, ordered the food, drinks for the BBQ as well as signs etc. He put a lot of time and effort into it and it was certainly appreciated by Club members and the general public who attended the Show. Members from the Ulysses Club who attended were glowing in their praise for the event stating it was one of the best displays of bikes they had seen.

There was a door prize as well as the peoples choice award - this was won by Bob Whittingstall with his immaculate Vincent Black Shadow. But I was very pleased as my BMW R69S with a Steib sidecar was only one vote behind, especially as I had done a 1000kms on it the weekend before. After expenses were taken out our Club and the Vintage Bike Club each received \$900. Thanks to all those who took the trouble to put their bikes on display, and the many volunteers over the Friday, Saturday and Sunday. This was so successful that another will hopefully be held in the future.

Inset above is a 1923 Henderson Deluxe 4 cylinder bike in original condition awaiting restoration. Other pics are of the many varied bikes on display including (above) the award-winning Vincent Black Shadow.
