We had a barbeque under the nice new shelter and I read out the answers to the quiz Ronnie had organized. Every day you had look for obvious things on the side of the road and we would ask the questions every night. We had 11 questions in total and team Norton won, Ann and Clive had 8 right answers.

Jo had an early night, all the partying, riding and packing up the gear had finally gotten to her. There was a party somewhere in town and it went till the early hours of Saturday morning. Jo thought it was us partying and could kick herself for missing out. What she didn't know was that we were all in bed by ten pm. Saturday morning was a bit drizzly, we left Pemberton early, most of us keen to get back home. We had a short stop in Northcliffe and lost one of the back-up cars, Andrew had to chase Warwick and Andy. The waiting on the corner idea doesn't always work too well, and its still not. Next stop was Walpole where we had a nice coffee and something to eat. Raelene, Russell and Colin had come out to meet us. The orders at the café got mixed up pretty bad thanks to Ronnie and me and

we looked like school kids when we had to say yes if we had had our coffee and cake or pie. The poor girls got into trouble because of us and Garry had to wait for ages for his order, sorry Garry I know how you were looking forward to your flat white.

The last stop was a fuel and say goodbye stop in Denmark. From here we went our separate ways. I was riding ahead of Ronnie so I could open our gate and the shed. Ronnie came home a couple of minutes later and told me he had been stung by a bee. Two weeks before he got stung in his neck and now again on the other side. I had a look and the sting was still in there with the bee sitting in his jacket. He didn't feel too good and sat down on the deck for an hour or so. It got quite painful, itchy and very swollen, it looked like he had jelly hanging under his chin. Hopefully he will learn his lesson and wear a scarf next time.

We would like to thank you all for a great holiday. It was very relaxing, the country side was beautiful and the company great. The Indian and the Ariel made it safe back to Albany and all up we did about 1400 kilometers. All the other bikes who hadn't broken down made it back to Albany too.

Thanks to Bob, Andy and Warwick for doing back-up and thanks again to Keith for organizing the great rides.

MAINTENANCE AND REPAIRS

KIDS JOKE

A teacher asks the class to name things that eat things using big words that end with 'tor'.
 The first little boy says, "Alligator."
 "Very good, that's a big word."
 The second boy says, "Predator."
 "Yes, that's another big word. Well done."
 The third boy says, "Vibrator."
 After nearly falling off her chair, she says, "That is a big word, but it doesn't eat anything."
 "Well my sister has one and she says it eats batteries like there's no tomorrow!"
